

01. Natural Sugarcane, White Biopoly and Kraft Recycled Labels

We currently offer three varieties of eco labels that can all be custom printed. Our Natural Sugarcane labels and White Biopoly labels are both certified compostable and tree-free. The Natural Sugarcane labels are made from sugarcane waste fiber and use a recycle-compatible adhesive. The White Biopoly labels are made from non-GMO corn starch and vegetable oils. Our third label is a Kraft recycled stock that is made with 100% recycled materials.

Natural Sugarcane Label features:

- 100% compostable & biodegradable
- Recyclable
- Certified compostable
- Tree-free
- Custom printed
- Recycle-compatible adhesive

White Biopoly Label features:

- 100% compostable & biodegradable
- Certified compostable
- Tree-free
- Custom printed
- Meets Cedar Grove Field Testing Requirements

100% Recycled kraft paper Label features:

- Made with 100% recycled materials
- Custom printed
